Your Access to Digital Cable

Your remote control holds the key to navigating through the features of i-Guide. Words appearing in **ALL CAPS** refer to a specific button on the remote. Note that all remotes may not have all of the buttons.

Listings By Time

To find out what's on TV right now, press **GUIDE** on your remote to access listings by time. The listings grid provides a 90-minute view of programming for up to 7 channels per screen. The current program is highlighted in blue. Use the **▲ ▼** and **◀ ▶** buttons to navigate the listings grid. Instant program info appears in the upper left of the screen. Press **OK/SELECT** to tune to the highlighted program in the grid. Press **INFO** to display additional information about the highlighted program.

Listings By Channel

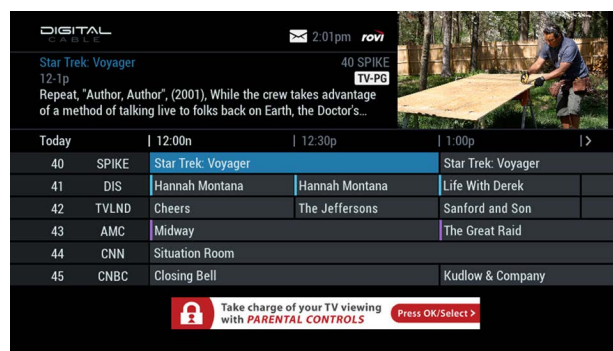

Press **GUIDE** two times to view listings by channel. Use the **▲ ▼** buttons to view additional times. Use the **◀ ▶** buttons to view additional channel listings.

Navigate Program Listings

You can use the **▲ ▼** and **◀ ▶** buttons on your remote to quickly navigate the listings screens and view information for up to 14 days in advance. Press **OK/SELECT** to tune to the channel airing the highlighted program or press **INFO** for more information.

Listings are color-coded to identify types of programs.

Purple – Movies
Green – Sports
Light Blue – Kids' programs

For faster browsing:

- Use the **PAGE (+)** and **PAGE (-)** buttons to view listings a page at a time
- Press and hold **▲ ▼** or **◀ ▶** to move rapidly ahead in time or through the channel lineup
- Press the **DAY (+)** or **(-)** buttons to advance ahead a day at a time

Quick Menu

The Quick Menu provides shortcuts directly to the key features of i-Guide and your digital cable service. Press **MENU** to display the Quick Menu at the bottom of the video or guide screen.

Press the ◀ ▶ buttons on the remote to move continuously through the icons.

Quick Menu Icons

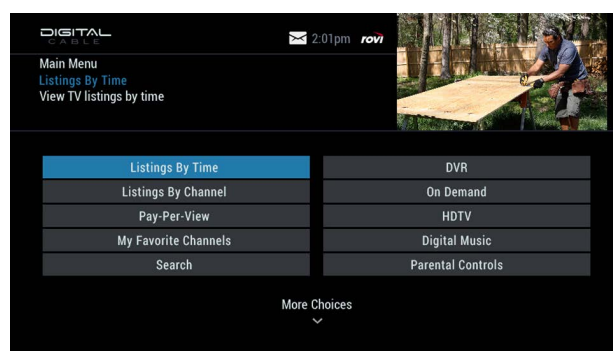

These icons may appear on your Quick Menu. Use the ◀ ▶ buttons on your remote to highlight and select an icon for immediate access.

	Main Menu – go to the Main Menu		Search – search programming by category or by Title, Actor/Director or Keyword
	DVR – schedule, view and manage recordings		Movies – lists movies by category

	HDTV – view list of HDTV programs, by channel or time		Kids – lists kids' programming by category
	Favorites – view your Favorites lists		Parental Controls – lock shows or channels based on preferences

Main Menu

The Main Menu* provides access to all of the features of i-Guide and digital cable. Press the **MENU** button twice to view the available options, including:

- TV Listings By Time
- Search
- Favourites
- Parental Controls and more

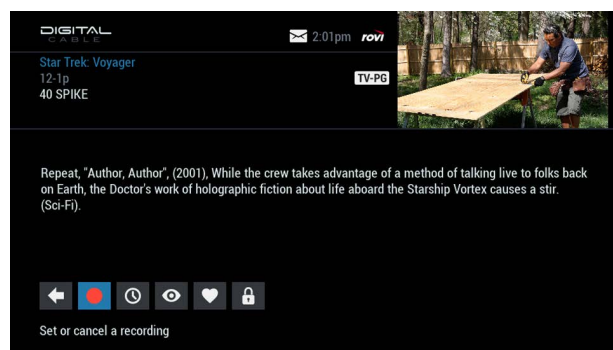

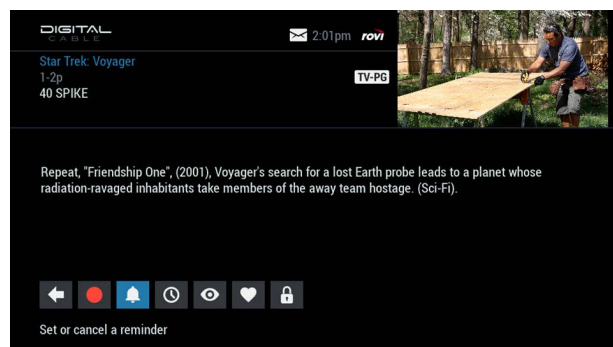

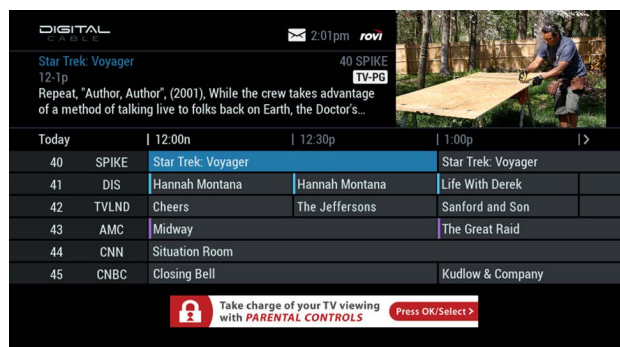

*Menu selections vary depending on services offered by your

The Picture in Guide feature lets you continue to watch a show while using the guide.

Program Information

Instant information is available when you highlight a program in the program listings. The information includes program title, start and end time, a brief program description, and indicators to identify settings such as reminders and recordings.

To access information while viewing listings or watching TV, press the **INFO** key once. Press **INFO** a second time to see a longer description and additional details such as actor, rating, release year, category and run time.

Action Icons

From the program information screen, use the action icons to do a number of things, including setting reminders, recording programs, or designating a favorite channel. Use ◀ ▶ and ▲ ▼ buttons to highlight each icon and view the on-screen description.

	Go back to the previous screen		Watch this channel or program
	Record/Change Recording Options (DVR)*		Save the channel in your Favorites list
	Set or cancel a Reminder for this program		Place a lock on the program to restrict viewing
	See all the times when the program will air		Order PPV, On Demand and other pay services

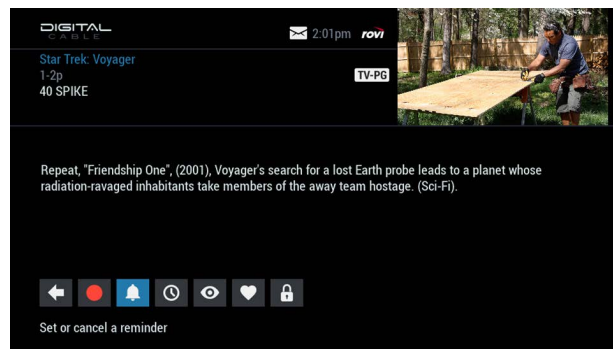

*Menu selections vary depending on services offered by your cable provider.

Reminders

You can set reminders so you don't miss shows you want to watch.

Setting Reminders

From the Program Info screen, highlight the reminder icon  and press **OK/SELECT**. Follow the on-screen prompts to confirm the reminder or reminder settings.

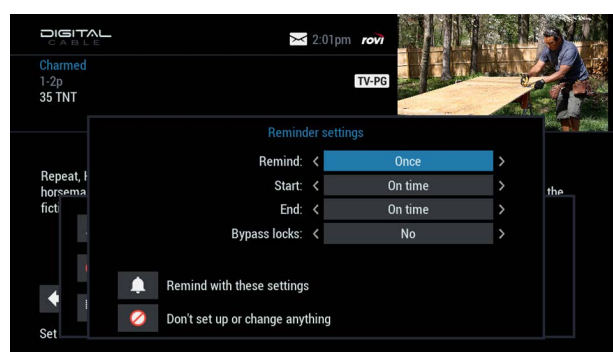

Reminder Settings

Customize the frequency and timings for reminders.

- Use the ◀ ▶ buttons to set repeating reminders
- Determine Start and End time for the reminder to appear on-screen. This can be up to 15 minutes prior to the program starting and up to two hours after the program is over

When you set a reminder, you have the option of bypassing locks* so you can tune directly to the program without having to enter your Locks PIN. (See the Parental Controls chapter for more information.)

*This option appears only if you have already set a lock for that program.

Search

Search

i-Guide provides you with many ways to find your favorite shows. To begin, select the  icon from the Quick Menu or Search from the Main Menu. You can quickly search programs by title, or search by categories like Movies, Sports, or Kids programs. You can also view high-definition (HD) and Pay-Per-View (PPV) channels.

If you have a DVR, you can quickly search by keyword or the name of an actor or director. See "Searching and recording" in the DVR section for more information.

Title Search

Title Search lets you find a specific program by entering the first few letters of the program name.

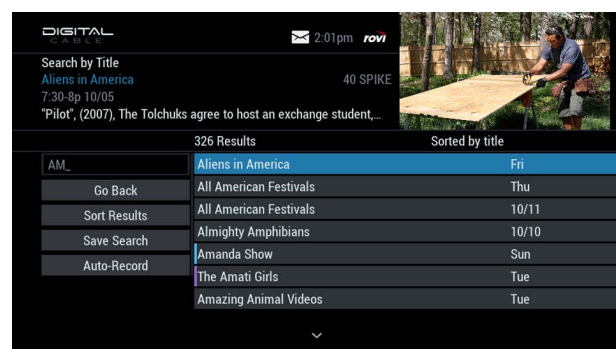

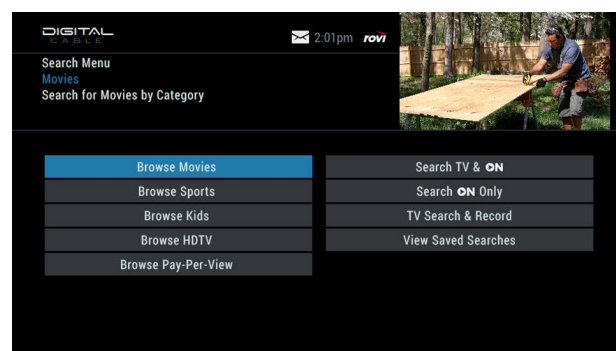

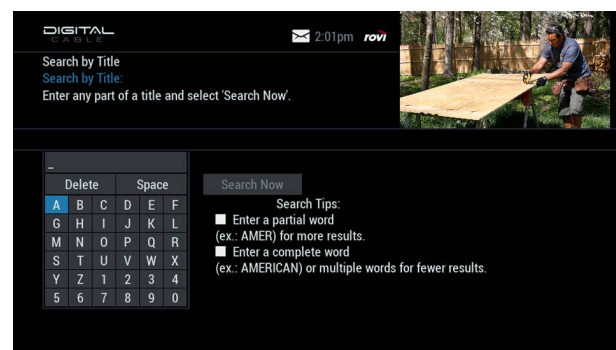

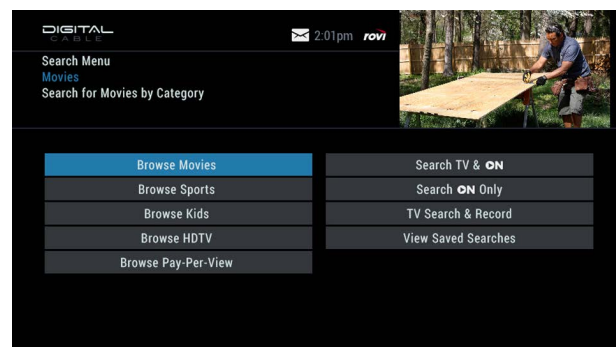

From the Search menu, select Title Search. Use the     buttons to navigate the on-screen keyboard and spell out the program title. Continue entering letters until the show you are looking for appears on the right side of the screen. If the program is not airing in the next 14 days, it does not appear in the list.

Integrated Search

Integrated Search adds additional search options that allow you to search TV listings, On Demand, and Pay-Per-View depending on the options available from the service provider. If Integrated Search is offered by your cable operator, the search menu may offer these options.

Saving Searches

Save your search by selecting Save Search option. Saving searches can be helpful when you want to quickly find a program. You can save up to 16 searches. To access your list of saved searches, choose Saved Searches from the Search menu. You can restart or delete the search from this menu.

Smart Channel Surfing

Flip Bar

When you change channels, the Flip Bar appears. It provides a brief two-line description about the program, title, start and end time, channel, rating, settings such as favorites or locks, and the current time.

When you find the program you are interested in, press the **INFO** key on your remote for more program details, or press **OK/SELECT** to make the Flip Bar disappear.

The Flip Bar may also show other options:

Watch in HD* – When tuning to a standard definition channel, this option may appear on the left side of the Flip Bar to indicate the channel is also available in high-definition (HD). Press **OK/SELECT** to tune directly to the associated HD channel. If HD Auto-tune is configured, the cable box tunes directly to an HD channel and this option is not displayed.

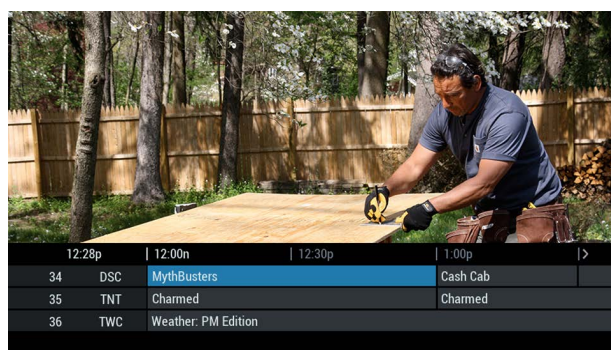

On Demand* – Some channels may have programming available On Demand. If so, the On Demand option may appear on the left side of the Flip Bar. Highlight the On Demand option to access On Demand programming for that network.

*Requires HD service from your cable provider. On Demand is not available in all areas.

Mini Guide (Browse)

The Mini Guide lets you watch television and view program listings without leaving the program you are watching or going to the full-screen guide.

To access the Mini Guide, press **OK/SELECT**. The Mini Guide appears on the lower third of the screen. It displays two or three channels and 90 minutes of listings at a time. Use the **▲ ▼** buttons to see listings on other channels. Use the **◀ ▶** buttons to see listings at other times. At any time, press **INFO** or **OK/SELECT** to access program info.

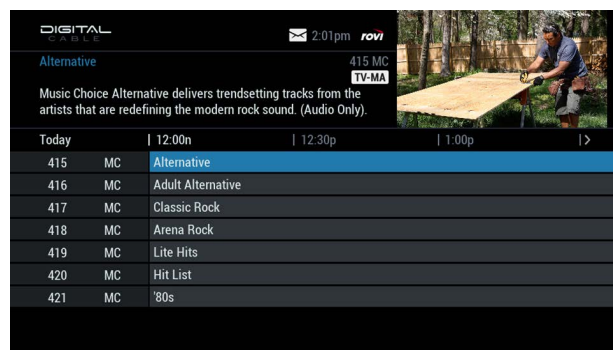

Digital Music

Digital Music* is continuous, commercial-free music in a variety of formats. Use one of the following methods to access Digital Music.

- From the Main Menu or Search Menu, select Digital Music.
- Press the **MUSIC** key (if available) on the remote.

When the Digital Music list appears, press **INFO** for more information on each category. Then select a music format and enjoy the music.

*Digital Music may not be available on all menu configurations.

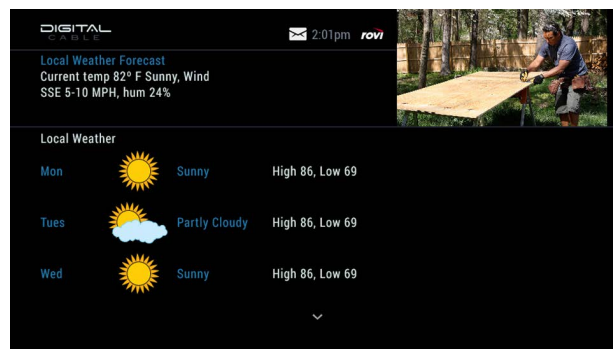

Local Weather

The Local Weather* feature gets accurate, up-to-date local weather conditions and a three-day forecast.

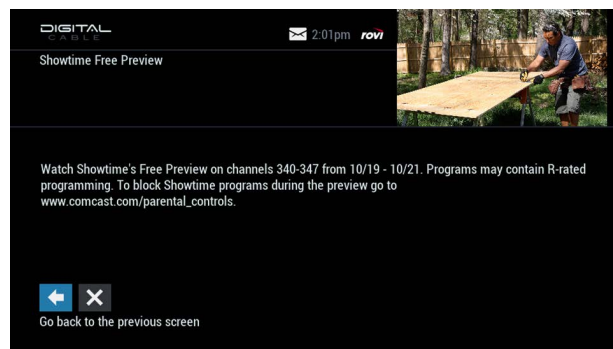

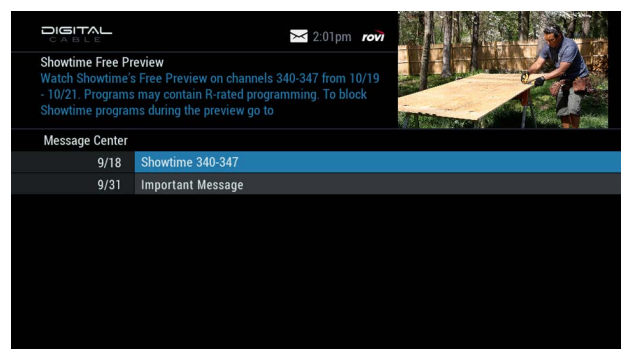

From the Main Menu, highlight Local Weather and press **OK/SELECT**. Use the down arrow button to see a detailed local weather forecast.

*Local Weather service not available for all locations.

Messages

Your cable services provider may occasionally send messages to announce new services, special promotions, or other information. If you have a message, an envelope indicator appears at the top of guide screens and a red light appears on your cable box. To read messages, from the Main Menu select Messages. The Message Center screen appears. Highlight the desired message, press **OK/SELECT** to view the message, and the details of the message display.

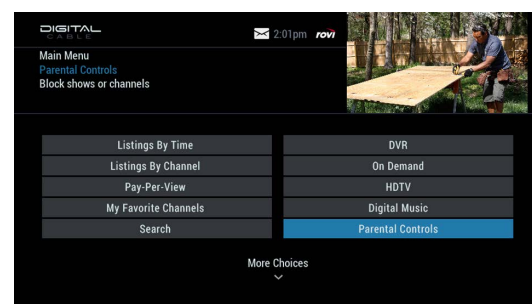

Parental Controls

i-Guide provides a Parental Controls feature, which lets you to restrict viewing and purchases of TV programs and services based on your preferences. To activate Parental Controls, you must set a personalized four-digit PIN. Then you can configure locks by movie ratings, TV and content ratings, channels, or titles. You can also hide adult titles from being displayed on-screen.

Parental Controls Setup

You can quickly set locks at any time while watching TV or using the guide. Use any of the following methods to set locks.

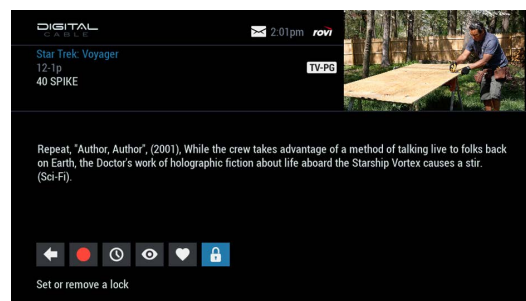

- Press the **LOCK** button on your remote (Not supported on all remotes)
- Select the  from the Quick Menu
- Select the  from any program info screen to lock a specific program
- From the Main Menu or Setup menu, access Parental Controls to configure locks

Main Menu

Lock Options

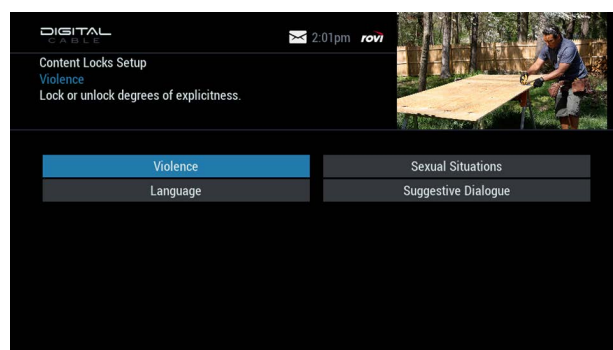

Locking by Ratings and Content

The Parental Controls feature lets you lock programs and movies by ratings and content.

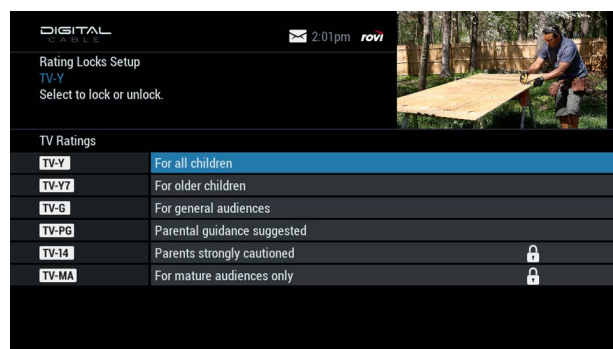

From the Parental Controls option on the Main Menu, you can filter your by Movie Rating, TV Rating, TV Content, Channel, Title, or Service.

In the TV Content category, you can lock the level of explicit content based on your viewing preferences for violence, language, sexual situations, and suggestive dialog.

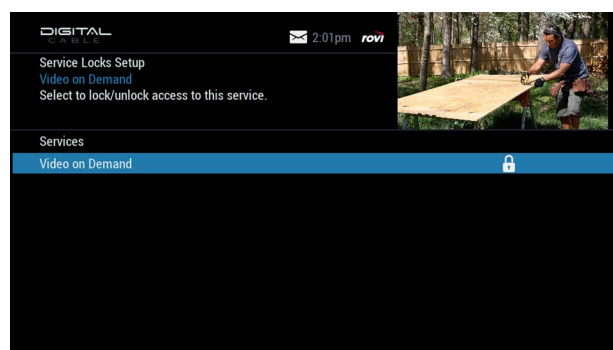

In the Movie Ratings or TV Ratings categories, you can block content by rating. Once you lock content by a specific rating, the guide automatically locks that rating and every rating that is more restrictive. For example, when you lock content by the PG-13 rating, movies with R, NC-17, and Adult ratings are also locked.

MOVIE RATINGS	TV RATINGS	TV CONTENT RATINGS			
		Violence (FV, V)	Language (L)	Sexual Situations (S)	Suggestive Dialogue (D)
G	TV-Y				
PG	TV-Y7	Fantasy Violence			
PG-13	G				
R	TV-PG	Moderate Violence	Infrequent Coarse	Some Sexual Situations	Some Suggestive Dialogue
NC-17	TV-14	Intense Violence	Strong Coarse	Intense Sexual Situations	Intensely Suggestive Dialogue
Adult	TV-MA	Graphic Violence	Crude Indecent	Explicit Sexual Activity	

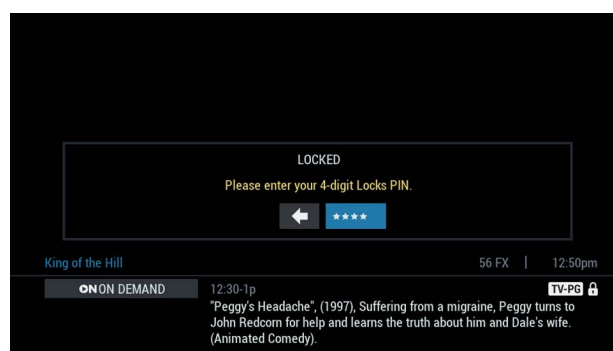

Parental Controls for On Demand

The settings for Parental Controls also affect On Demand programming. To block all access to On Demand programming, select Service Locks from the Parental Controls menu.

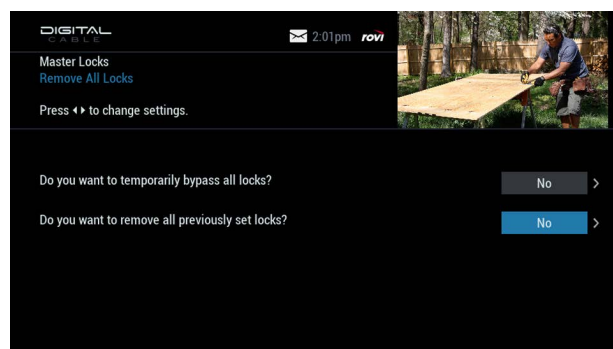

View Locked Programs

To view programs and channels you have locked, enter your PIN when prompted. Locks are automatically restored when you tune away from the channel or turn your set-top box off.

Bypassing or Clearing Locks

For unrestricted viewing, you can temporarily open or clear all locks. To temporarily clear configured parental locks, select Parental Controls Setup from the Main Menu. Select Master Locks, and change either option from No to Yes.

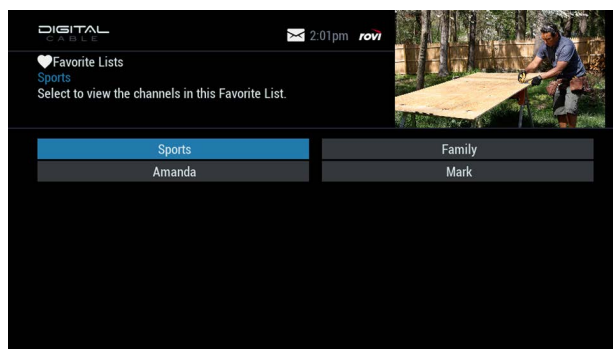

Restoring Locks

You can restore locks in any of the following ways:

- While watching TV, press the **LOCK** button any time and then enter your PIN.
- From the Setup menu, select Parental Controls Setup. Using the Master Locks option, change the settings from Yes to No to restore all configured locks.
- Turn the cable box off and back on.

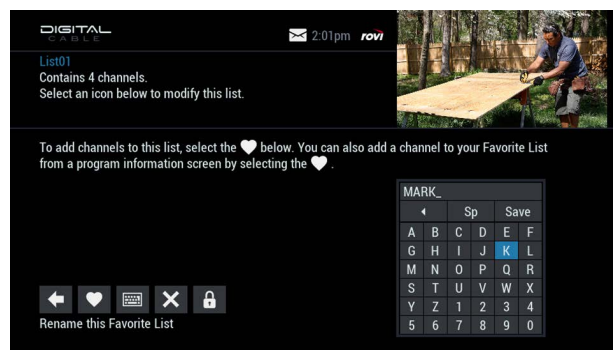

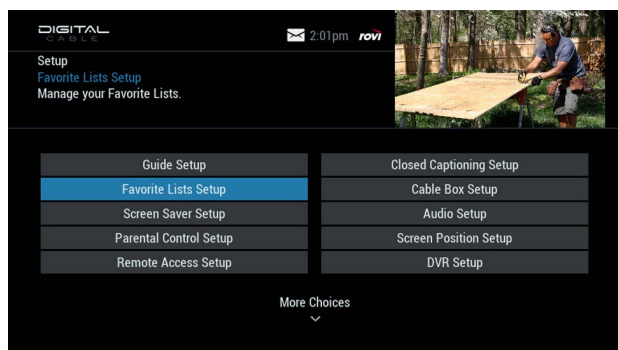

Favorites

The Favorites feature lets you quickly access channels you and your family have designated as Favorites.

Favorites Lists Setup

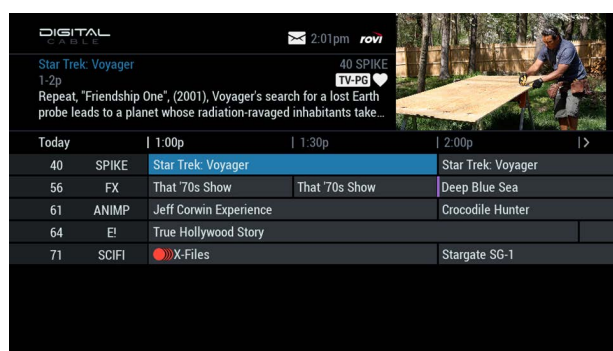

With i-Guide, you can create and manage up to four favorites lists. From the Main Menu, select Setup, then Favorites Lists Setup. Use your on-screen keyboard to name your lists.

Accessing Favorites Lists

You can access your favorite channels using any of the following methods:

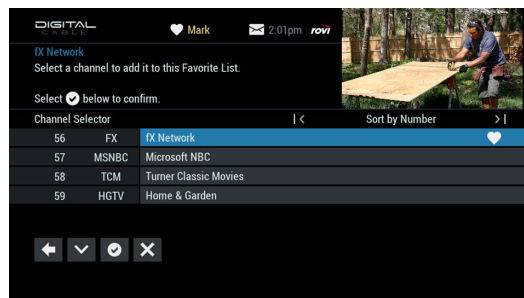

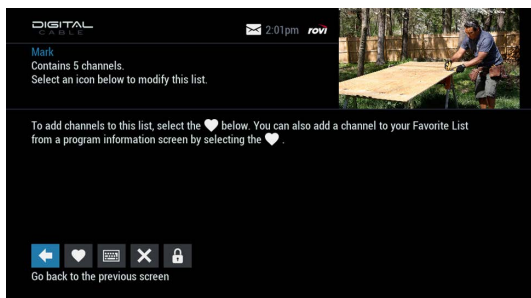

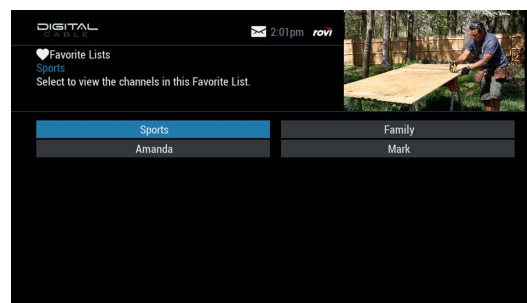

- While watching TV, press the **FAV** button to skip to your next favorite channel on the current list.
- From TV Listings or Mini Guide, press the **FAV** button to display a filtered guide of the channels in your most-recently accessed list. Press the **FAV** button again to scroll through all of your Favorites lists. The guide will display a tab showing the name of each list.
- From the Quick Menu, select the  to display your Favorites lists. If you have not yet set up any Favorites, simply follow the on-screen prompts to begin a new list.

Adding or Deleting Channels from Favorites Lists

Do any of the following to add or delete channels from your Favorites list:

- From the Quick Menu, select the  icon
- Select the Favorites list you want to edit
- Select the  icon to add or remove favorite channels
- You can also rename, delete, or lock your Favorites list.
- Highlight a channel in the listings and press **OK/SELECT** or **FAV** to add to your favorites. A  icon appears; To remove the channel, press **OK/SELECT** or **FAV**. The Favorites icon disappears.
- Press the  icon to confirm your Favorites channel settings.

Setup

From the Setup Menu, you can activate and customize certain i-Guide features such as the Flip Bar, Parental Control options, cable box settings, audio settings, languages and more.

The following settings control the appearance of i-Guide:

Guide Setup

TV Type

- HD TV (flat panel): Select this option (default) for a widescreen or 16:9 viewing device. HD TVs use this setting for best results.
- SD TV (tube): For older viewing devices using a 4:3 screen (like SD TVs), select this option. The Guide will display in a 4:3 format and soften colors to appear better on an older display.

Flip Bar position: Determines if the Flip Bar appears on top or bottom of the screen. The default setting is the bottom of the screen.

Flip Bar timeout: Controls how long the Flip Bar stays on your screen. You can set this from two to 15 seconds. The default setting is three seconds.

Channel entry method

- Auto-Tune: When you enter a channel number from your remote, i-Guide automatically tunes to the channel after two seconds. The default setting is Auto-Tune.
- No Auto Tune: When you enter a channel number from your remote, you must enter three digits or press **OK/SELECT** to tune to that channel.

Tune for HDTV

- Yes: If a standard definition (SD) channel is selected, i-Guide automatically tunes to the equivalent high definition (HD) channel if it is authorized and available in the channel lineup. Programs scheduled to record on an SD channel also default to the HD equivalent unless specifically set to the SD channel in the recording settings.
- No: The system tunes to the selected SD channel. The option to tune to the HD equivalent is available on the Flip Bar if appropriate.

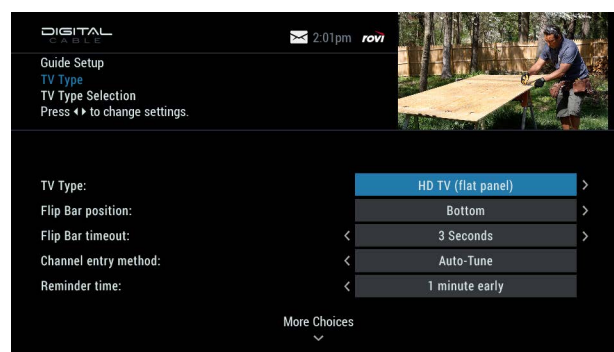

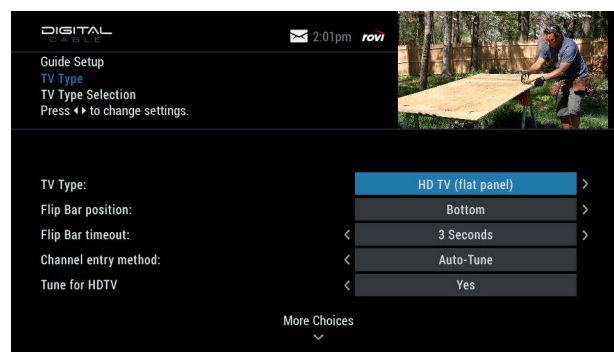

Reminder Time: Determines how long before the start of a program the Reminder Notice appears. You can set this from one to 15 minutes. The default setting is one minute.

Message Indicator: Controls whether a message envelope appears when a new message is received. Select On for an envelope to appear when a message is received.

About Us: Select this option to display technical information about the Guide.

Usage Statistics

- Yes: Allow anonymous usage statistics and information to be sent to the provider.
- No: Deny communication of anonymous usage information.

Cable Box Setup

Front LED Display

- Current Channel: Displays the currently tuned channel on the front of the cable box
- Current Time: Displays the current time on the front of the cable box

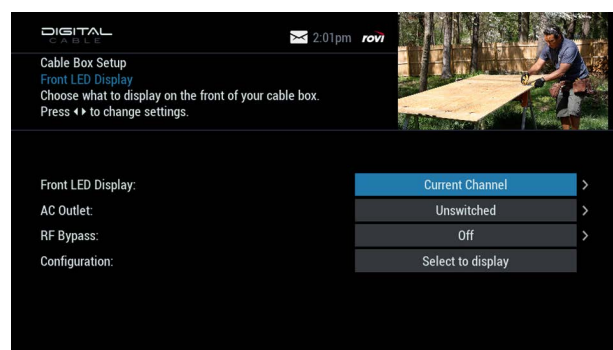

AC Outlet

- Switched: Determines that power is available only when the cable box is on.
- Unswitched: Allows the power to remain constant to the outlet on the back of the cable box.

RF Output

- Off (default): the RF Output (to a VCR, smart TV, or other secondary device) will be fixed so that the secondary tunes to the same program as the cable box.
- On: bypasses the cable box tuning and allows the secondary device to tune independently from the cable box.

Configuration: Highlight and press **OK/SELECT** to show the configuration screen, which includes information your cable company may need in the event of a problem with your service.

Audio Setup

Default Audio Track

Secondary digital audio can be changed on certain networks and programs. Note that the default audio track will be set to Channel Default, or primary audio, which in most cases is English. You can change the default language to English, Spanish, or French.

Descriptive Video Service (DVS)

- Off (default): Alternative audio is not used.
- On: Activates an alternative audio channel that makes television more accessible to people who are blind or visually impaired by providing narrated descriptions of key visual elements within a program, such as actions, subtitles, scene changes, graphics, and body language.

Audio Output: Choose whether the audio output is sent to your TV or to your stereo.

- TV Speaker: Default setting
- Advanced: Lets you change settings for Compression and Stereo output.

Optimal Stereo

- No: Volume is unchanged from the current setting.
- Yes: Volume is automatically adjusted to the optimal level.

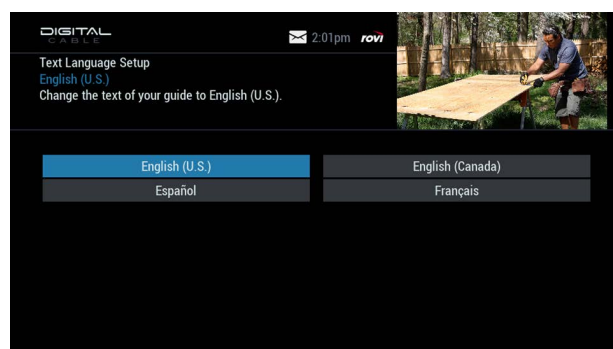

Text Language Setup

Use this screen to independently select language settings for menu text. Access this screen from the Setup menu. In most cases, the default setting is English. You can change the default language to English (U.S.), Spanish (Español), English (Canada), or French (Français).

From the Setup menu, select Text Language Setup. Choose the preferred language for the on-screen menus within i-Guide. Select Yes to confirm.

Note: Changing the language can take several minutes. During this time, listings are not accessible.

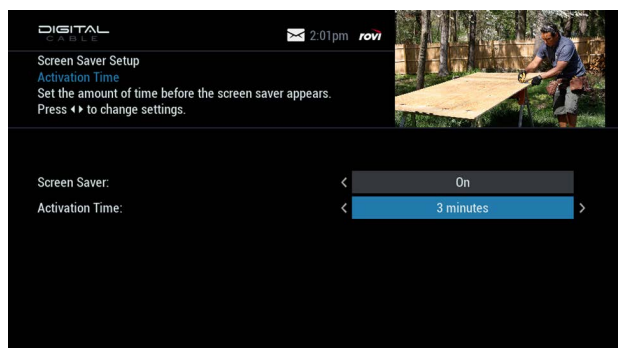

Screen Saver

A screen saver can be activated on your TV screen.

- From the Setup menu, select Screen Saver to change the settings.
- The activation time is between 1 and 15 minutes

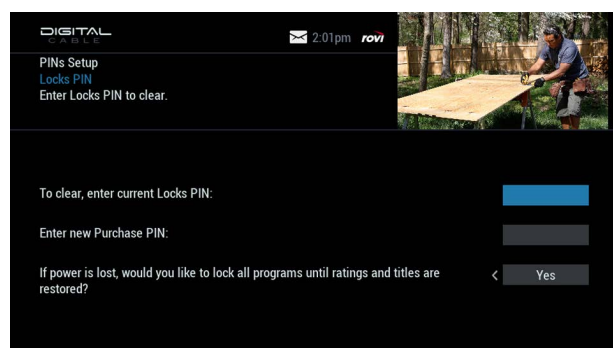

Once the screen saver is set to On, it automatically engages if a guide screen is displayed for longer than the set activation time. The default is On.

Parental Controls and Purchase PINs Setup

Your Parental Controls PIN lets you restrict viewing of programs. Your Purchase PIN is used to restrict pay programming purchases. Once you have set up your PINs, you can return to Parental Controls Setup to set up your program locks as described in the Parental Controls chapter.

Use the ◀ ▶ ▲ ▼ buttons to make your selections, and then press **OK/SELECT** to confirm each setting.

Screen Position Setup

To alter your screen position:

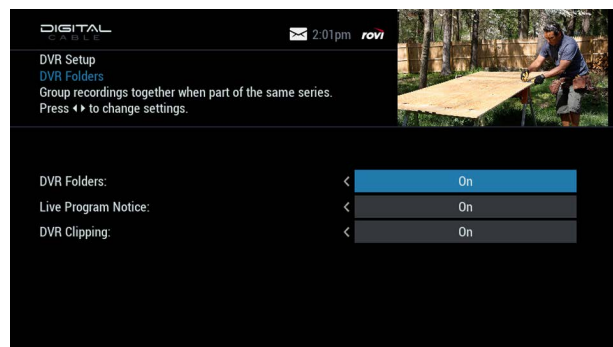

- From the Setup menu, select Screen Position Setup to adjust the screen position.
- Use the ◀ ▶ ▲ ▼ buttons on your remote until the display arrows are centered on the screen.

DVR Setup

Select DVR Setup to manage:

- DVR Folders
- Live Program Notice
- DVR Clipping

These options are on by default. See the Digital Video Recorder (DVR) chapter for more information about these settings.

Closed Captioning Setup

Closed captioning is available on advanced cable boxes. The default setting for the closed captioning feature is Off with background set to On.

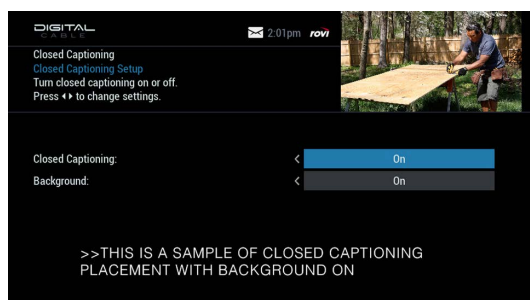

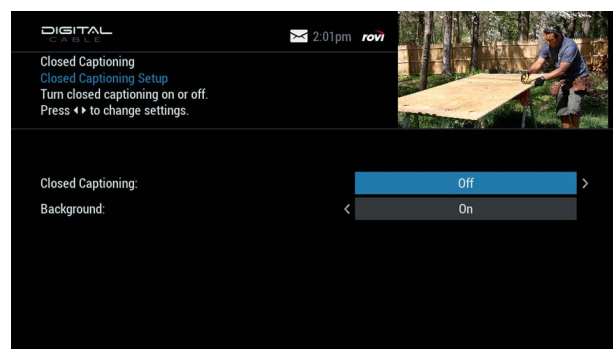

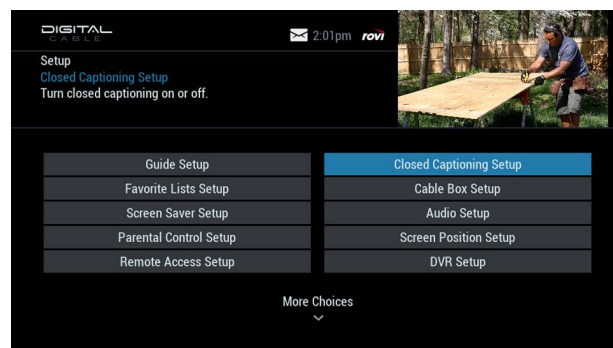

To access and turn closed captioning on or off:

From the Setup Menu, select Closed Captioning Setup.

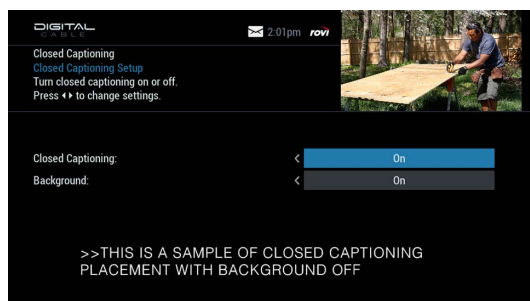

On the Closed Captioning Setup screen do the following:

- Closed Captioning:
Off: Deactivates closed captioning.
On: Activates closed captioning.
The default setting is Off.
- Background:
Off: Turns off background display.
On: Turns on background display.
The default setting is On.

Note: Captioning is not available for all programs.

Example: Closed captioning turned on with background set to "On"

Example: Closed captioning turned on with background set to "Off"

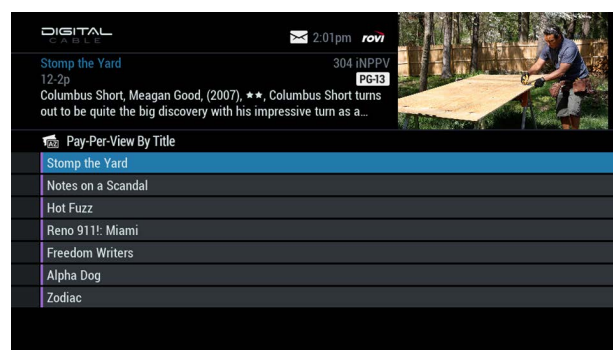

Digital Pay-Per-View

With i-Guide, you can easily order and watch Pay-Per-View (PPV) programs.

Order Pay-Per-View

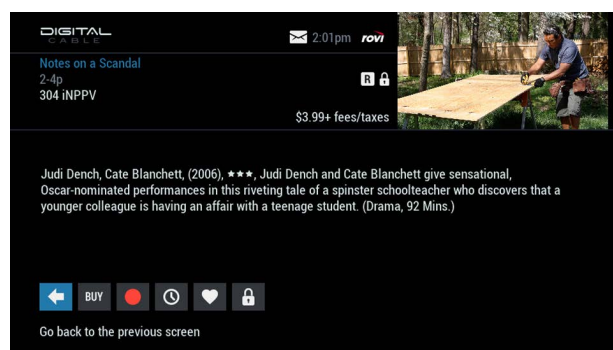

From the Main Menu or Quick Menu, select **PPV** to go to the PPV Menu. Select any of the PPV options to see a list of programs available in a variety of categories.

When you find a program of interest, highlight the title and press **OK/SELECT**. The information screen appears.

Finding HD Pay-Per-View Options

By default, PPV listings may be in standard-definition (SD). To see high definition (HD) PPV program options select the icon . This will display a list of all available programs. Select the HD program showing to see the highest quality video available for the program.

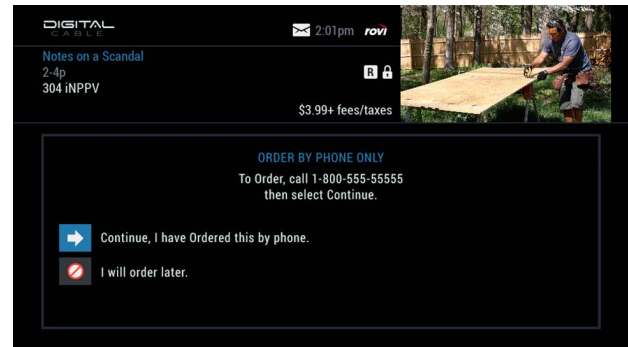

PPV Information Screens

	Go back to the previous screen		See all the times the program will be airing
	Order the program, or cancel an ordered program		Save this channel in your Favorites list
	Set Recording Timers (Requires separate VCR Setup or use of Digital Video Recorder)		Indicates the program is available as part of a package
	Place a Lock on the program to restrict viewing		Set or cancel a Reminder

Ordering Pay-Per-View By Phone

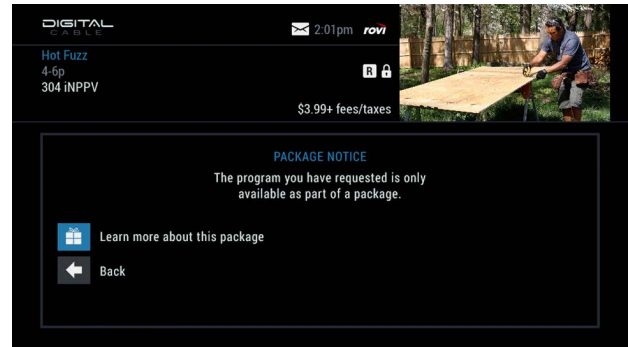

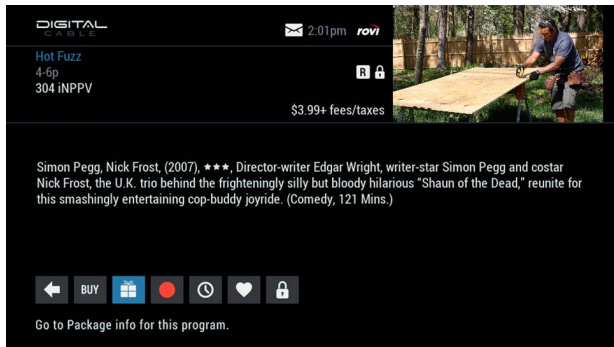

If your cable provider offers phone ordering, the order instructions appear on-screen when you select **BUY**.

To place your order, call the on-screen number. Then select Continue to complete your order.

Ordering Pay-Per-View Packages

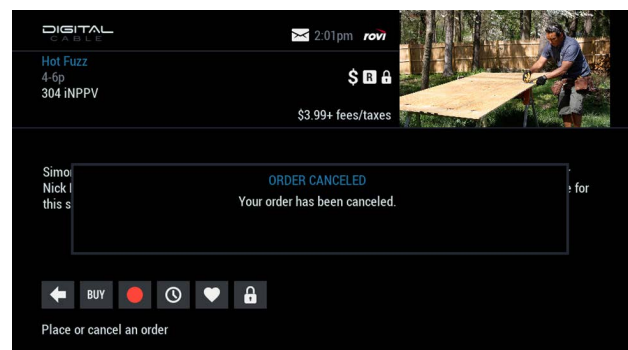

Your cable service may offer programs in a package by title, time block, or other categories. Select a title from the listings and a  appears if the program is part of a package.

Canceling a Pay-Per-View Order

To cancel a PPV order before the program starts:

- In any of the program listing menus, select the ordered PPV program. A dollar sign (\$) appears in Instant Information next to the listing for a purchased PPV program.
- From the information screen, select the **BUY** button. Follow the on-screen prompts to cancel the order. A confirmation that the order was canceled appears.

Note: Some cable systems, your order is automatically canceled if you do not tune to the program. In systems that use phone ordering, you must call to cancel the program. Please check with your cable provider for the correct PPV cancellation procedure.

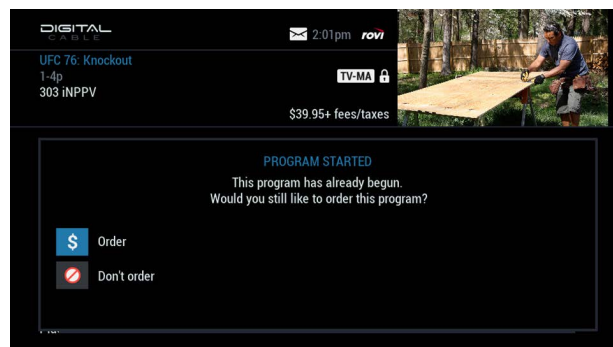

Pay-Per-View Notices

Notices associated with your PPV order appear at various times to alert you to the status of your ordered program.

Pay-Per-View Program Started

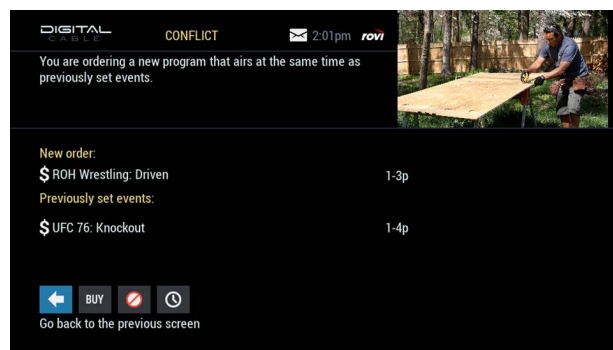

If you try to order a PPV program that is in progress but still within the purchase window, a Program Started message appears. You may proceed with the order, but you may miss a portion of the program.

Note: The purchase window is established by your cable provider.

Pay-Per-View Order Conflict

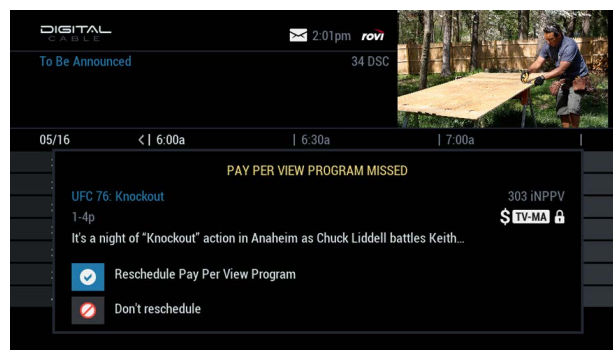

When you order a PPV program that airs at the same time as an existing PPV order, an on-screen alert appears. You have the option to cancel an order or keep both orders.

Pay-Per-View Program Missed

If you have ordered a PPV program but did not tune to it, a Program Missed notice appears, asking if you would like to reschedule your order.

Note: This screen will not appear in systems that use phone ordering.

Adult Programming

The Adult category, accessed from the Pay-Per-View menu, provides access to listings for adult-oriented programming. Adult programming may be purchased as a single program or as a time-block package, depending on your cable provider's service. For your convenience, you may also restrict Adult titles from being viewed in the listings by setting Parental Controls. See the Parental Controls chapter for more information..

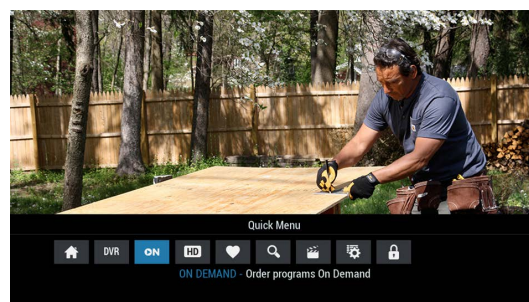

On Demand

The On Demand feature lets you enjoy movies, TV shows, music videos, and more whenever you want.

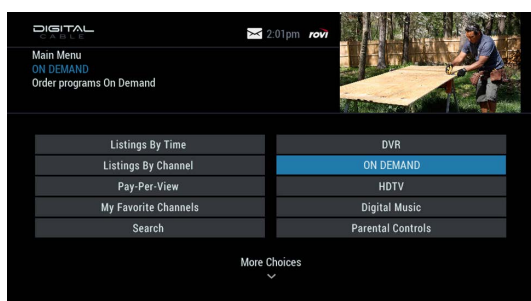

Accessing On Demand Programs

You can access On Demand programs from any of the following:

- The On Demand key on your remote.
- The **ON** icon on the Quick Menu.
- The Main Menu.
- An On Demand option on the Flip Bar.
- An On Demand channel in the TV Listings.

Quick Menu

Main Menu

On Demand Action Icons

	Go back to the previous screen		Resume play of the video
	Order the program, or cancel an ordered program		Restart the video from the beginning
	Tune to a program (for free and subscription programming)		Delete the title from your rented titles list
	Watch a free preview		Indicates the program is available as part of a package
	Place a lock on the program to restrict viewing		Cancel selection

Use the **PAGE (+)** and **PAGE (-)** buttons to advance forward or backward five minutes. Times may vary.

Watching On Demand Programs

Use your remote to pause, fast-forward, rewind, or stop the program. You can also use the DVR control buttons on your remote.

Note: On Demand is not available in all areas. On Demand programs may not be recorded with a DVR (if available).

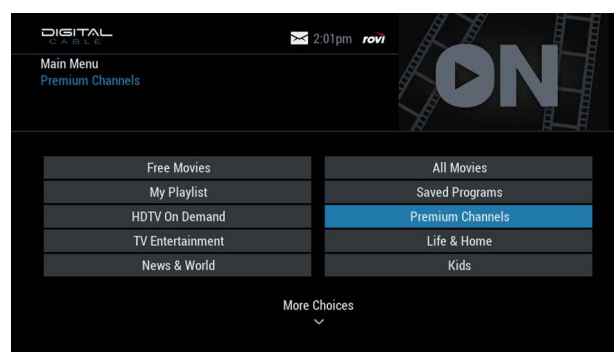

Ordering On Demand Programs

The On Demand menu displays a variety of programming categories. Use the ◀ ▶ ▲ ▼ buttons on your remote to select a category. When you find a title you want to order, press **OK/SELECT** or **INFO** to access detailed information, including program length, cost, rating, and description. In some cases, you can press **OK/SELECT** again to access sub-category menus.*

Use the Search option from the Video On Demand main menu to search for a program. Integrated search will look for programs from all available Video On Demand titles. For more information about searching for Video On Demand content see the Integrated Search section.

*Menu labels and categories vary by cable provider.

Ordering From the On Demand Preview Banner

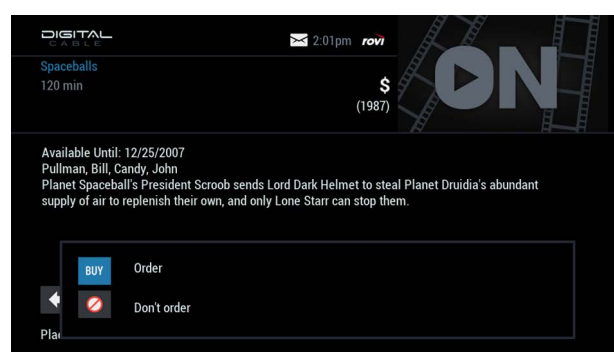

While watching a preview, you can use the **BUY** icon from the On Demand preview banner to purchase the program.

- Select the **BUY** icon and then press **OK/SELECT** to order the On Demand program
- Select the  icon and press **OK/SELECT** to return to the On Demand information screen

To buy the program, highlight the **BUY** icon. Then follow the on-screen prompts to complete your order.

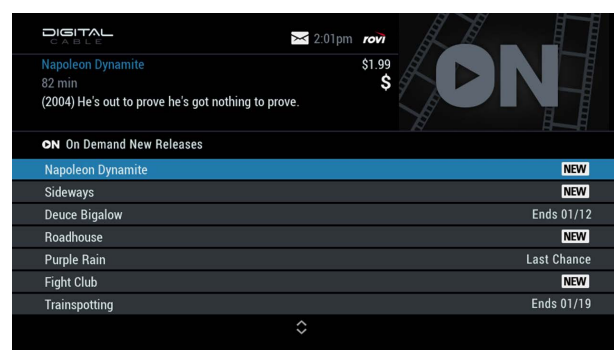

If the program is available at no cost*, the  icon appears instead of the **BUY** icon. Your selection begins playing immediately and you can watch as often as you like during the rental period.

*No-cost programming may not be available in all areas.

Expiring Programs Display

When an On Demand program has a specified expiration date, that date appears in the on-screen list. On Demand programs without a specific end date are denoted as LC or Last Chance.

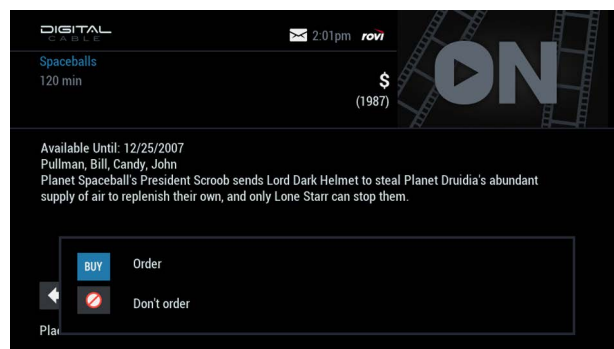

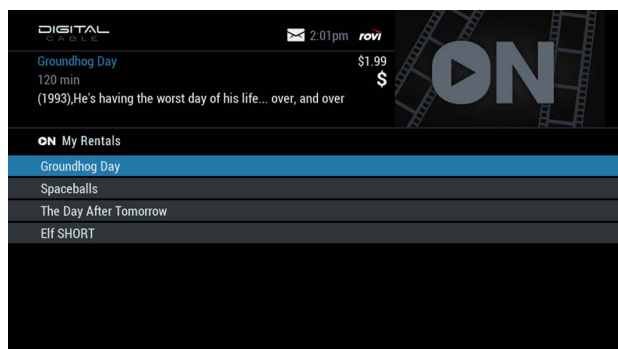

Status Bar

The On Demand status bar appears when you press **PLAY**, **PAUSE**, **REWIND**, **FAST FORWARD** or **STOP** on your remote. The status bar indicates where you are in the program that is playing.

If you have stopped a program and want to come back to it later, select My Rentals from the On Demand menu.

- Highlight and select a title to see the information screen that displays your remaining rental time and other program details.
- Select the  icon to start watching where you left off or select the  icon to start the program from the beginning.
- Watch as many times as you like within the rental period.

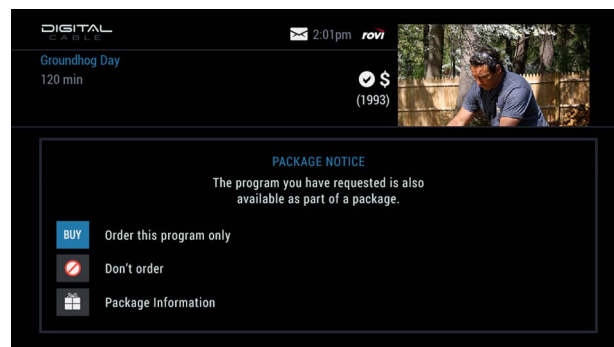

On Demand Packages

Some programs may be available as part of a package. If a program is available in a package, or available with a subscription service, a notice appears on your screen. You can select any of the following icons:

-  Buy icon: Continues with the purchase
-  Package icon: Displays more about the package
-  Cancel icon: Cancels the purchase.

Note: Some On Demand programs that are free or part of a subscription may not appear on the My Rentals list. These programs can be accessed at any time from the On Demand listings.

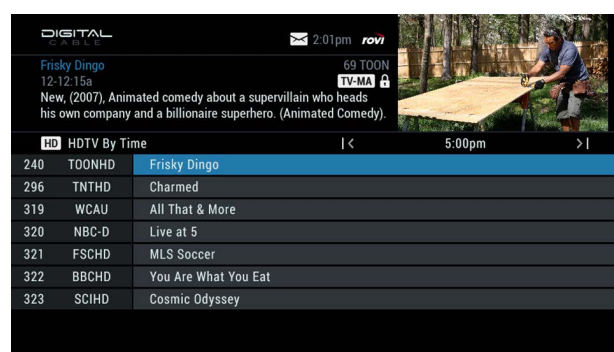

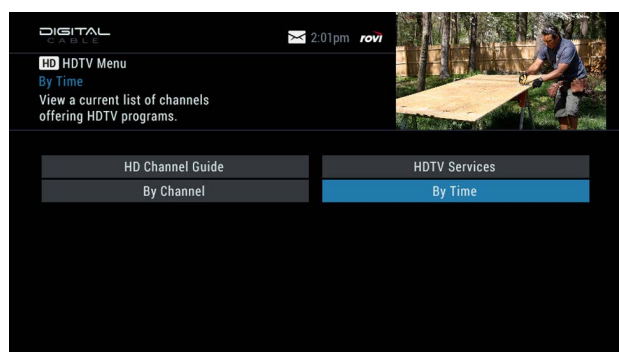

HDTV

If you have a high-definition television (HDTV) and subscribe to HD service through your cable provider, then you can enjoy your favorite shows, sports, and events in a wide-screen, high-resolution format.

To access HD programming, use one of the following methods:

- From the Quick Menu, select the **HD** icon. You can choose to view a list of shows by time or channel or you can view a list of all HD channels
- From the Main Menu, select HDTV.
- From the Guide Setup screen, set the Tune for HDTV option to Yes. i-Guide automatically tunes to and records programs in high definition (HD) instead of standard definition (SD). Whether you tune to an SD or an HD channel, you will see the highest resolution video available for that program.
- If HD Auto-Tune is not available or if HD Auto-Tune is set to No and you tune to an SD channel with an HD channel equivalent, a Watch in HD option appears on the Flip Bar. Press **OK/SELECT** to tune directly to the associated HD channel.

If HD Auto-Tune is set to No, the Flip Bar will display like the example to the left.

If you do not subscribe to HD service and you tune to an HD channel, you will be notified that the channel is not available. Contact your cable provider for information on HD service*.

*You must have HD equipment to view HD programming.
